Financing income totaled RMB311.8 million (US\$48.3 million), representing a decrease of 46.3% from RMB580.9 million for the second quarter of 2020, as a result of the decrease in the average on-balance sheet loan balance.

Loan facilitation income and other related income decreased by 95.1% to RMB12.6 million (US\$1.9 million) from RMB255.1 million for the second quarter of 2020, as a result of the reduction in transaction volume of off-balance sheet loans during this quarter.

Transaction services fee and other related income increased to RMB38.5 million (US\$6.0 million) from RMB4.1 million for the second quarter of 2020, mainly as a result of the reassessment of variable consideration.

Sales income and others decreased to RMB23.7 million (US\$3.7 million) from RMB293.3 million for the second quarter of 2020, mainly due to sales related to the Wanlimu e-commerce platform, which we are in the process of winding down.

Sales commission fee decreased by 37.0% to RMB9.1 million (US\$1.4 million) from RMB14.4 million for the second quarter of 2020, due to the decrease in the amount of merchandise credit transactions.

Total operating costs and expenses decreased by 90.9% to RMB89.3 million (US\$13.8 million) from RMB982.4 million for the second quarter of 2020.

Cost of revenues decreased by 82.3% to RMB64.9 million (US\$10.1 million) from RMB366.4 million for the second quarter of 2020, primarily due to the decrease in costs associated with the loan book business and the decrease in cost of goods sold related to the Wanlimu e-commerce platform.

General and administrative expenses increased by 44.8% to RMB109.1 million (US\$16.9 million) from RMB75.3 million for the second quarter of 2020, as a result of the increase in staff salaries primarily relating to WLM Kids business.

Research and development expenses decreased by 30.3% to RMB39.2 million (US\$6.1 million) from RMB56.3 million for the second quarter of 2020, as a result of the decrease in staff salaries.

Provision for receivables and other assets was a reversal of RMB97.4 million (US\$15.1 million), compared to a loss of RMB519.0 million for the second quarter of 2020, mainly due to the decrease in past-due on-balance sheet outstanding principal receivables compared to the second quarter of 2020.

As of June 30, 2021, the total balance of outstanding principal and financing service fee receivables for on-balance sheet transactions for which any installment payment was more than 30 calendar days past due was RMB147.5 million (US\$22.8 million), and the balance of allowance for principal and financing service fee receivables at the end of the period was RMB374.3 million (US\$58.0 million), indicating M1+ Delinquency Coverage Ratio of 2.5x.

Use of Non-GAAP Financial Measures

We use adjusted net income/loss, a Non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes. We believe that adjusted net income/loss helps identify underlying trends in our business by excluding the impact of share-based compensation expenses, which are non-cash charges, and convertible bonds buyback income. We believe that adjusted net income/loss provides useful information about our operating results, enhances the overall understanding of our past performance and future prospects and allows for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

Adjusted net income/loss is not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. This Non-GAAP financial measure has limitations as analytical tools, and when assessing our operating performance, cash flows or our liquidity, investors should not consider them in isolation, or as a substitute for net loss / income, cash flows provided by operating activities or other consolidated statements of operation and cash flow data prepared in accordance with U.S. GAAP.

We mitigate these limitations by reconciling the Non-GAAP financial measure to the most comparable U.S. GAAP performance measure, all of which should be considered when evaluating our performance.

For more information on this Non-GAAP financial measure, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.
